

June 19, 2020

Effective June 22, 2020 - COVID-19 Update-Changes to Opening Hours - Mayfair Diagnostics Regina

X-ray Appointments

Mayfair's open hours for X-ray appointments are shown below and will be booked according to the following criteria:

- X-ray remains by appointment only until further notice.
- All urgent and non-urgent X-rays are accepted.
- Please call to book same day X-ray appointments. To book, please call our Regina clinic directly at 306-569-1016 extension 1. This number is to be used for X-ray bookings only.
- Please fax the requisition directly to 306-569-1014. You may be requested to send it with the patient.
- Patients will be informed on which building entrance and parking they should use.

Effective Monday June 22, 2020		
Day	Time	Appointment
Mon - Fri	07:30-16:00	Reserved for patients who are 'Green' on Mayfair's screening process (shown below)
	16:00-18:00	Reserved for patients who are 'Yellow' or 'Orange' on Mayfair's screening process (shown below)

Mayfair screening categories are shown below:

Risk Level Algorithm

Symptoms	Risk Factor	Risk Level Color Code
NO	NO	GREEN
YES	NO	YELLOW
NO	YES	YELLOW
YES	YES	ORANGE
COVID POSITIVE		RED

MRI Appointments

MRI exams are now available on extended hours as follows:

Day	TIME
Mon-Fri	07:00-22:00
Sat-Sun (reserved for all non-contrast cases in the evenings and on Saturdays).	08:00-16:00

Ultrasound Appointments:

Day	Time
Mon-Fri	07:30-16:00

Vulnerable patient times remain available Monday-Friday from 08:00 – 10:00.

For ultrasound or private MRI appointments, services, questions and/or concerns, please call the booking number line at **306-569-9729**.

Masking Protocols

It is mandatory for patients to wear a medical-grade mask over their nose and mouth at all times while they are in the clinic.

Role of diagnostic imaging for COVID-19*:

- Chest x-ray and Chest CT are not for diagnosis of COVID-19 and cannot be used to exclude COVID-19 infection.
- Chest x-rays are not for routine use in the workup of suspected COVID-19 patients. Diagnostic testing for COVID-19 positive patients should be triaged via a SHA COVID-19 Assessment and Treatment clinic.
- Chest CT is used only in the hospital setting to look for complications.
- Emergent/urgent community imaging for known COVID-19 positive patients should consider whether findings are likely to alter management. Referral to the SHA COVID-19 Assessment and Treatment clinic is strongly recommended

This communication is to further to Mayfair's update on May 21, 2020; and is intended to provide new information to our service provision for your patients coming to the Mayfair Regina clinic. These latest changes are aligned with the Re-open Saskatchewan Plan that includes a gradual and measured reintroduction of non-essential medical services at community clinics.
